	)	EXPENSES

I, Joseph H. Meltzer, Esq., declare as follows:

1. I am a member of the firm of Kessler Topaz Meltzer & Check, LLP (“KTMC”). I am submitting this declaration in support of the application for an award of attorneys’ fees and expenses/charges (“expenses”) in connection with services rendered in the above-entitled action.

2. KTMC is counsel of record for Plaintiff Don Tran.

3. The information in this declaration regarding KTMC's time and expenses is taken from time and expense reports and supporting documentation prepared and/or maintained by KTMC in the ordinary course of business. I am the partner who oversaw and/or conducted the day-to-day activities in the litigation. After reviewing the time and expense reports, certain reductions were made to time entries in the exercise of billing judgment. Based on this review and the adjustments made, I believe that the time reflected in KTMC's lodestar calculation and the expenses for which payment is sought herein are reasonable and were necessary for the effective and efficient prosecution and resolution of the litigation.

4. After the reductions referred to above, the number of hours spent on the litigation by KTMC is 251.80. A breakdown of the lodestar is provided in Exhibit A. The lodestar amount for attorney/paralegal time based on KTMC's current rates is \$128,926.50. KTMC's rates are set based on periodic analysis of rates charged by firms performing comparable work both on the plaintiff and defense side. Different timekeepers within the same employment category (*e.g.*, partners, associates, paralegals, etc.) may have different rates based on a variety of factors, including years of practice, years at KTMC, years in current position (*e.g.*, years as a partner), relevant experience, relative expertise, and the rates of similarly experienced peers at KTMC or other firms. For personnel who are no longer employed by KTMC, the

“current rate” used for the lodestar calculation is based upon the rate for that person in his or her final year of employment with KTMC.

5. KTMC seeks an award of \$3,214.69 in expenses and charges in connection with the prosecution of the litigation. Those expenses and charges are summarized by category in Exhibit B.

6. The following is additional information regarding certain of these expenses:

(a) Photocopies: \$46.40. In connection with this case, KTMC made 464 in-house photocopies, charging \$0.10 per copy for a total of \$46.40. Each time an in-house copy machine is used, our billing system requires that a case or administrative billing code be entered and that is how the 464 copies were identified as related to this case.

(b) Online Legal and Financial Research: \$3,136.58. This category includes vendors such as Westlaw, Lexis Nexis, Trans Union Risk & Alternative and Pacer. These resources were used to obtain access to SEC filings, factual databases, legal research, and for cite-checking of briefs. This expense represents the expense incurred by KTMC for use of these services in connection with this litigation. The charges for these vendors vary depending upon the type of services requested.

7. The expenses pertaining to this case are reflected in the books and records of KTMC. These books and records are prepared from receipts, expense

vouchers, check records, and other documents and are an accurate record of the expenses.

8. The identification and background of KTMC and its partners is attached hereto as Exhibit C.

I declare under penalty of perjury that the foregoing is true and correct.  
Executed this 23<sup>rd</sup> day of August, 2023 at Radnor, PA.

## NOTEWORTHY ACHIEVEMENTS

*During the Firm's successful history, Kessler Topaz has recovered billions of dollars for defrauded stockholders and consumers. The following are among the Firm's notable achievements:*

### SECURITIES FRAUD LITIGATION

*In re Bank of America Corp. Securities, Derivative, and Employee Retirement Income Security Act (ERISA) Litigation, Master File No. 09 MDL 2058: (S.D.N.Y. 2009)*

Kessler Topaz, as Co-Lead Counsel, brought an action on behalf of lead plaintiffs that asserted claims for violations of the federal securities laws against Bank of America Corp. ("BoA") and certain of BoA's officers and board members relating to BoA's merger with Merrill Lynch & Co. ("Merrill") and its failure to inform its shareholders of billions of dollars of losses which Merrill had suffered before the pivotal shareholder vote, as well as an undisclosed agreement allowing Merrill to pay up to \$5.8 billion in bonuses before the acquisition closed, despite these losses. On September 28, 2012, the Parties announced a \$2.425 billion case settlement with BoA to settle all claims asserted against all defendants in the action which has since received final approval from the Court. BoA also agreed to implement significant corporate governance improvements. The settlement, reached after almost four years of litigation with a trial set to begin on October 22, 2012, amounts to 1) the sixth largest securities class action lawsuit settlement ever; 2) the fourth largest securities class action settlement ever funded by a single corporate defendant; 3) the single largest settlement of a securities class action in which there was neither a financial restatement involved nor a criminal conviction related to the alleged misconduct; 4) the single largest securities class action settlement ever resolving a Section 14(a) claim (the federal securities provision designed to protect investors against misstatements in connection with a proxy solicitation); and 5) by far the largest securities class action settlement to come out of the subprime meltdown and credit crisis to date.

*In re Tyco International, Ltd. Sec. Litig., No. 02-1335-B (D.N.H. 2002):*

Kessler Topaz, which served as Co-Lead Counsel in this highly publicized securities fraud class action on behalf of a group of institutional investors, achieved a record \$3.2 billion settlement with Tyco International, Ltd. ("Tyco") and their auditor PricewaterhouseCoopers ("PwC"). The \$2.975 billion settlement with Tyco represents the single-largest securities class action recovery from a single corporate defendant in history. In addition, the \$225 million settlement with PwC represents the largest payment PwC has ever paid to resolve a securities class action and is the second-largest auditor settlement in securities class action history.

The action asserted federal securities claims on behalf of all purchasers of Tyco securities between December 13, 1999 and June 7, 2002 ("Class Period") against Tyco, certain former officers and directors of Tyco and PwC. Tyco is alleged to have overstated its income during the Class Period by \$5.8 billion through a multitude of accounting manipulations and shenanigans. The case also involved allegations of looting and self-dealing by the officers and directors of the Company. In that regard, Defendants L. Dennis Kozlowski, the former CEO and Mark H. Swartz, the former CFO have been sentenced to up to 25 years in prison after being convicted of grand larceny, falsification of business records and conspiracy for their roles in the alleged scheme to defraud investors.

As presiding Judge Paul Barbadoro aptly stated in his Order approving the final settlement, "[i]t is difficult to overstate the complexity of [the litigation]." Judge Barbadoro noted the extraordinary effort required to pursue the litigation towards its successful conclusion, which included the review of

more than 82.5 million pages of documents, more than 220 depositions and over 700 hundred discovery requests and responses. In addition to the complexity of the litigation, Judge Barbadoro also highlighted the great risk undertaken by Co-Lead Counsel in pursuit of the litigation, which he indicated was greater than in other multi-billion dollar securities cases and “put [Plaintiffs] at the cutting edge of a rapidly changing area of law.” In sum, the Tyco settlement is of historic proportions for the investors who suffered significant financial losses and it has sent a strong message to those who would try to engage in this type of misconduct in the future.

*In re Tenet Healthcare Corp. Sec. Litig., No. CV-02-8462-RSWL (Rx) (C.D. Cal. 2002):*

Kessler Topaz served as Co-Lead Counsel in this action. A partial settlement, approved on May 26, 2006, was comprised of three distinct elements: (i) a substantial monetary commitment of \$215 million by the company; (ii) personal contributions totaling \$1.5 million by two of the individual defendants; and (iii) the enactment and/or continuation of numerous changes to the company’s corporate governance practices, which have led various institutional rating entities to rank Tenet among the best in the U.S. in regards to corporate governance. The significance of the partial settlement was heightened by Tenet’s precarious financial condition. Faced with many financial pressures — including several pending civil actions and federal investigations, with total contingent liabilities in the hundreds of millions of dollars — there was real concern that Tenet would be unable to fund a settlement or satisfy a judgment of any greater amount in the near future. By reaching the partial settlement, we were able to avoid the risks associated with a long and costly litigation battle and provide a significant and immediate benefit to the class. Notably, this resolution represented a unique result in securities class action litigation — personal financial contributions from individual defendants. After taking the case through the summary judgment stage, we were able to secure an additional \$65 million recovery from KPMG – Tenet’s outside auditor during the relevant period – for the class, bringing the total recovery to \$281.5 million.

*In re Wachovia Preferred Securities and Bond/Notes Litigation, Master File No. 09 Civ. 6351 (RJS) (S.D.N.Y. 2009):*

Kessler Topaz, as court-appointed Co-Lead Counsel, asserted class action claims for violations of the Securities Act of 1933 on behalf of all persons who purchased Wachovia Corporation (“Wachovia”) preferred securities issued in thirty separate offerings (the “Offerings”) between July 31, 2006 and May 29, 2008 (the “Offering Period”). Defendants in the action included Wachovia, various Wachovia related trusts, Wells Fargo as successor-in-interest to Wachovia, certain of Wachovia’s officer and board members, numerous underwriters that underwrote the Offerings, and KPMG LLP (“KPMG”), Wachovia’s former outside auditor. Plaintiffs alleged that the registration statements and prospectuses and prospectus supplements used to market the Offerings to Plaintiffs and other members of the class during the Offerings Period contained materially false and misleading statements and omitted material information. Specifically, the Complaint alleged that in connection with the Offerings, Wachovia: (i) failed to reveal the full extent to which its mortgage portfolio was increasingly impaired due to dangerously lax underwriting practices; (ii) materially misstated the true value of its mortgage-related assets; (iii) failed to disclose that its loan loss reserves were grossly inadequate; and (iv) failed to record write-downs and impairments to those assets as required by Generally Accepted Accounting Principles (“GAAP”). Even as Wachovia faced insolvency, the Offering Materials assured investors that Wachovia’s capital and liquidity positions were “strong,” and that it was so “well capitalized” that it was actually a “provider of liquidity” to the market. On August 5, 2011, the Parties announced a \$590 million cash settlement with Wells Fargo (as successor-in-interest to Wachovia) and a \$37 million cash settlement with KPMG, to settle all claims asserted against all defendants in the action. This settlement was approved by the Hon. Judge Richard J. Sullivan by order issued on January 3, 2012.

*In re Initial Public Offering Sec. Litig., Master File No. 21 MC 92 (SAS) (S.D.N.Y. 2001):*

This action settled for \$586 million on January 1, 2010, after years of litigation overseen by U.S. District Judge Shira Scheindlin. Kessler Topaz served on the plaintiffs' executive committee for the case, which was based upon the artificial inflation of stock prices during the dot-com boom of the late 1990s that led to the collapse of the technology stock market in 2000 that was related to allegations of laddering and excess commissions being paid for IPO allocations.

*In re Longtop Financial Technologies Ltd. Securities Litigation, No. 11-cv-3658 (S.D.N.Y. 2011):*

Kessler Topaz, as Lead Counsel, brought an action on behalf of lead plaintiffs that asserted claims for violations of the federal securities laws against Longtop Financial Technologies Ltd. ("Longtop"), its Chief Executive Officer, Weizhou Lian, and its Chief Financial Officer, Derek Palaschuk. The claims against Longtop and these two individuals were based on a massive fraud that occurred at the company. As the CEO later confessed, the company had been a fraud since 2004. Specifically, Weizhou Lian confessed that the company's cash balances and revenues were overstated by hundreds of millions of dollars and it had millions of dollars in unrecorded bank loans. The CEO further admitted that, in 2011 alone, Longtop's revenues were overstated by about 40 percent. On November 14, 2013, after Weizhou Lian and Longtop failed to appear and defend the action, Judge Shira Scheindlin entered default judgment against these two defendants in the amount of \$882.3 million plus 9 percent interest running from February 21, 2008 to the date of payment. The case then proceeded to trial against Longtop's CFO who claimed he did not know about the fraud – and was not reckless in not knowing – when he made false statements to investors about Longtop's financial results. On November 21, 2014, the jury returned a verdict on liability in favor of plaintiffs. Specifically, the jury found that the CFO was liable to the plaintiffs and the class for each of the eight challenged misstatements. Then, on November 24, 2014, the jury returned its damages verdict, ascribing a certain amount of inflation to each day of the class period and apportioning liability for those damages amongst the three named defendants. The Longtop trial was only the 14th securities class action to be tried to a verdict since the passage of the Private Securities Litigation Reform Act in 1995 and represents a historic victory for investors.

*Operative Plasterers and Cement Masons International Association Local 262 Annuity Fund v. Lehman Brothers Holdings, Inc., No. 1:08-cv-05523-LAK (S.D.N.Y. 2008):*

Kessler Topaz, on behalf of lead plaintiffs, asserted claims against certain individual defendants and underwriters of Lehman securities arising from misstatements and omissions regarding Lehman's financial condition, and its exposure to the residential and commercial real estate markets in the period leading to Lehman's unprecedented bankruptcy filing on September 14, 2008. In July 2011, the Court sustained the majority of the amended Complaint finding that Lehman's use of Repo 105, while technically complying with GAAP, still rendered numerous statements relating to Lehman's purported Net Leverage Ratio materially false and misleading. The Court also found that Defendants' statements related to Lehman's risk management policies were sufficient to state a claim. With respect to loss causation, the Court also failed to accept Defendants' contention that the financial condition of the economy led to the losses suffered by the Class. As the case was being prepared for trial, a \$517 million settlement was reached on behalf of shareholders --- \$426 million of which came from various underwriters of the Offerings, representing a significant recovery for investors in this now bankrupt entity. In addition, \$90 million came from Lehman's former directors and officers, which is significant considering the diminishing assets available to pay any future judgment. Following these settlements, the litigation continued against Lehman's auditor, Ernst & Young LLP. A settlement for \$99 million was subsequently reached with Ernst & Young LLP and was approved by the Court.

*Minneapolis Firefighters' Relief Association v. Medtronic, Inc. et al.*, Case No. 0:08-cv-06324-PAM-AJB (D. Minn. 2008):

Kessler Topaz brought an action on behalf of lead plaintiffs that alleged that the company failed to disclose its reliance on illegal “off-label” marketing techniques to drive the sales of its INFUSE Bone Graft (“INFUSE”) medical device. While physicians are allowed to prescribe a drug or medical device for any use they see fit, federal law prohibits medical device manufacturers from marketing devices for any uses not specifically approved by the United States Food and Drug Administration. The company’s off-label marketing practices have resulted in the company becoming the target of a probe by the federal government which was revealed on November 18, 2008, when the company’s CEO reported that Medtronic received a subpoena from the United States Department of Justice which is “looking into off-label use of INFUSE.” After hearing oral argument on Defendants’ Motions to Dismiss, on February 3, 2010, the Court issued an order granting in part and denying in part Defendants’ motions, allowing a large portion of the action to move forward. The Court held that Plaintiff successfully stated a claim against each Defendant for a majority of the misstatements alleged in the Complaint and that each of the Defendants knew or recklessly disregarded the falsity of these statements and that Defendants’ fraud caused the losses experienced by members of the Class when the market learned the truth behind Defendants’ INFUSE marketing efforts. While the case was in discovery, on April 2, 2012, Medtronic agreed to pay shareholders an \$85 million settlement. The settlement was approved by the Court by order issued on November 8, 2012.

*In re Brocade Sec. Litig.*, Case No. 3:05-CV-02042-CRB (N.D. Cal. 2005):

The complaint in this action alleges that Defendants engaged in repeated violations of federal securities laws by backdating options grants to top executives and falsified the date of stock option grants and other information regarding options grants to numerous employees from 2000 through 2004, which ultimately caused Brocade to restate all of its financial statements from 2000 through 2005. In addition, concurrent SEC civil and Department of Justice criminal actions against certain individual defendants were commenced. In August, 2007 the Court denied Defendant’s motions to dismiss and in October, 2007 certified a class of Brocade investors who were damaged by the alleged fraud. Discovery is currently proceeding and the case is being prepared for trial. Furthermore, while litigating the securities class action Kessler Topaz and its co-counsel objected to a proposed settlement in the Brocade derivative action. On March 21, 2007, the parties in *In re Brocade Communications Systems, Inc. Derivative Litigation*, No. C05-02233 (N.D. Cal. 2005) (CRB) gave notice that they had obtained preliminary approval of their settlement. According to the notice, which was buried on the back pages of the Wall Street Journal, Brocade shareholders were given less than three weeks to evaluate the settlement and file any objection with the Court. Kessler Topaz client Puerto Rico Government Employees’ Retirement System (“PRGERS”) had a large investment in Brocade and, because the settlement was woefully inadequate, filed an objection. PRGERS, joined by fellow institutional investor Arkansas Public Employees Retirement System, challenged the settlement on two fundamental grounds. First, PRGERS criticized the derivative plaintiffs for failing to conduct any discovery before settling their claims. PRGERS also argued that derivative plaintiff’s abject failure to investigate its own claims before providing the defendants with broad releases from liability made it impossible to weigh the merits of the settlement. The Court agreed, and strongly admonished derivative plaintiffs for their failure to perform this most basic act of service to their fellow Brocade shareholders. The settlement was rejected and later withdrawn. Second, and more significantly, PRGERS claimed that the presence of the well-respected law firm Wilson, Sonsini Goodrich and Rosati, in this case, created an incurable conflict of interest that corrupted the entire settlement process. The conflict stemmed from WSGR’s dual role as counsel to Brocade and the Individual Settling Defendants, including WSGR Chairman and former Brocade Board Member

Larry Sonsini. On this point, the Court also agreed and advised WSGR to remove itself from the case entirely. On May 25, 2007, WSGR complied and withdrew as counsel to Brocade. The case settled for \$160 million and was approved by the Court.

*In re Satyam Computer Services, Ltd. Sec. Litig., No. 09 MD 02027 (BSJ) (S.D.N.Y.):*

Kessler Topaz served as Co-Lead Counsel in this securities fraud class action in the Southern District of New York. The action asserts claims by lead plaintiffs for violations of the federal securities laws against Satyam Computer Services Limited (“Satyam” or the “Company”) and certain of Satyam’s former officers and directors and its former auditor PricewaterhouseCoopers International Ltd. (“PwC”) relating to the Company’s January 7, 2009, disclosure admitting that B. Ramalinga Raju (“B. Raju”), the Company’s former chairman, falsified Satyam’s financial reports by, among other things, inflating its reported cash balances by more than \$1 billion. The news caused the price of Satyam’s common stock (traded on the National Stock Exchange of India and the Bombay Stock Exchange) and American Depository Shares (“ADSs”) (traded on the New York Stock Exchange (“NYSE”)) to collapse. From a closing price of \$3.67 per share on January 6, 2009, Satyam’s common stock closed at \$0.82 per share on January 7, 2009. With respect to the ADSs, the news of B. Raju’s letter was revealed overnight in the United States and, as a result, trading in Satyam ADSs was halted on the NYSE before the markets opened on January 7, 2009. When trading in Satyam ADSs resumed on January 12, 2009, Satyam ADSs opened at \$1.14 per ADS, down steeply from a closing price of \$9.35 on January 6, 2009. Lead Plaintiffs filed a consolidated complaint on July 17, 2009, on behalf of all persons or entities, who (a) purchased or otherwise acquired Satyam’s ADSs in the United States; and (b) residents of the United States who purchased or otherwise acquired Satyam shares on the National Stock Exchange of India or the Bombay Stock Exchange between January 6, 2004 and January 6, 2009. Co-Lead Counsel secured a settlement for \$125 million from Satyam on February 16, 2011. Additionally, Co-Lead Counsel was able to secure a \$25.5 million settlement from PwC on April 29, 2011, who was alleged to have signed off on the misleading audit reports.

*In re BankAtlantic Bancorp, Inc. Sec. Litig., Case No. 07-CV-61542 (S.D. Fla. 2007):*

On November 18, 2010, a panel of nine Miami, Florida jurors returned the first securities fraud verdict to arise out of the financial crisis against BankAtlantic Bancorp. Inc., its chief executive officer and chief financial officer. This case was only the tenth securities class action to be tried to a verdict following the passage of the Private Securities Litigation Reform Act of 1995, which governs such suits. Following extensive post-trial motion practice, the District Court upheld all of the Jury’s findings of fraud but vacated the damages award on a narrow legal issue and granted Defendant’s motion for a judgment as a matter of law. Plaintiffs appealed to the U.S. Court of Appeals for the Eleventh Circuit. On July 23, 2012, a three-judge panel for the Appeals Court found the District Court erred in granting the Defendant’s motion for a judgment as a matter of law based in part on the Jury’s findings (perceived inconsistency of two of the Jury’s answers to the special interrogatories) instead of focusing solely on the sufficiency of the evidence. However, upon its review of the record, the Appeals Court affirmed the District Court’s decision as it determined the Plaintiffs did not introduce evidence sufficient to support a finding in its favor on the element of loss causation. The Appeals Court’s decision in this case does not diminish the five years of hard work which Kessler Topaz expended to bring the matter to trial and secure an initial jury verdict in the Plaintiffs’ favor. This case is an excellent example of the Firm’s dedication to our clients and the lengths it will go to try to achieve the best possible results for institutional investors in shareholder litigation.

*In re AremisSoft Corp. Sec. Litig., C.A. No. 01-CV-2486 (D.N.J. 2002):*

Kessler Topaz is particularly proud of the results achieved in this case before the Honorable Joel A. Pisano. This case was exceedingly complicated, as it involved the embezzlement of hundreds of millions of dollars by former officers of the Company, one of whom remains a fugitive. In settling the action, Kessler Topaz, as sole Lead Counsel, assisted in reorganizing AremisSoft as a new company to allow for it to continue operations, while successfully separating out the securities fraud claims and the bankrupt Company's claims into a litigation trust. The approved Settlement enabled the class to receive the majority of the equity in the new Company, as well as their pro rata share of any amounts recovered by the litigation trust. During this litigation, actions have been initiated in the Isle of Man, Cyprus, as well as in the United States as we continue our efforts to recover assets stolen by corporate insiders and related entities.

*In re CVS Corporation Sec. Litig., C.A. No. 01-11464 JLT (D. Mass. 2001):*

Kessler Topaz, serving as Co-Lead Counsel on behalf of a group of institutional investors, secured a cash recovery of \$110 million for the class, a figure which represents the third-largest payout for a securities action in Boston federal court. Kessler Topaz successfully litigated the case through summary judgment before ultimately achieving this outstanding result for the class following several mediation sessions, and just prior to the commencement of trial.

*In re Marvell Technology, Grp., Ltd. Sec. Litig., Master File No. 06-06286 RWM:*

Kessler Topaz served as Co-Lead Counsel in this securities class action brought against Marvell Technology Group Ltd. ("Marvell") and three of Marvell's executive officers. This case centered around an alleged options backdating scheme carried out by Defendants from June 2000 through June 2006, which enabled Marvell's executives and employees to receive options with favorable option exercise prices chosen with the benefit of hindsight, in direct violation of Marvell's stock option plan, as well as to avoid recording hundreds of millions of dollars in compensation expenses on the Marvell's books. In total, the restatement conceded that Marvell had understated the cumulative effect of its compensation expense by \$327.3 million, and overstated net income by \$309.4 million, for the period covered by the restatement. Following nearly three years of investigation and prosecution of the Class' claims as well as a protracted and contentious mediation process, Co-Lead Counsel secured a settlement for \$72 million from defendants on June 9, 2009. This Settlement represents a substantial portion of the Class' maximum provable damages, and is among the largest settlements, in total dollar amount, reached in an option backdating securities class action.

*In re Delphi Corp. Sec. Litig., Master File No. 1:05-MD-1725 (E.D. Mich. 2005):*

In early 2005, various securities class actions were filed against auto-parts manufacturer Delphi Corporation in the Southern District of New York. Kessler Topaz its client, Austria-based mutual fund manager Raiffeisen Kapitalanlage-Gesellschaft m.b.H., were appointed as Co-Lead Counsel and Co-Lead Plaintiff, respectively. The Lead Plaintiffs alleged that (i) Delphi improperly treated financing transactions involving inventory as sales and disposition of inventory; (ii) improperly treated financing transactions involving "indirect materials" as sales of these materials; and (iii) improperly accounted for payments made to and credits received from General Motors as warranty settlements and obligations. As a result, Delphi's reported revenue, net income and financial results were materially overstated, prompting Delphi to restate its earnings for the five previous years. Complex litigation involving difficult bankruptcy issues has potentially resulted in an excellent recovery for the class. In addition, Co-Lead Plaintiffs also reached a settlement of claims against Delphi's outside auditor, Deloitte & Touche, LLP, for \$38.25 million on behalf of Delphi investors.

*In re Royal Dutch Shell European Shareholder Litigation*, No. 106.010.887, Gerechtshof Te Amsterdam (Amsterdam Court of Appeal):

Kessler Topaz was instrumental in achieving a landmark \$352 million settlement on behalf non-US investors with Royal Dutch Shell plc relating to Shell's 2004 restatement of oil reserves. This settlement of securities fraud claims on a class-wide basis under Dutch law was the first of its kind, and sought to resolve claims exclusively on behalf of European and other non-United States investors. Uncertainty over whether jurisdiction for non-United States investors existed in a 2004 class action filed in federal court in New Jersey prompted a significant number of prominent European institutional investors from nine countries, representing more than one billion shares of Shell, to actively pursue a potential resolution of their claims outside the United States. Among the European investors which actively sought and supported this settlement were Alecta pensionsförsäkring, ömsesidigt, PKA Pension Funds Administration Ltd., Swedbank Robur Fonder AB, AP7 and AFA Insurance, all of which were represented by Kessler Topaz.

*In re Computer Associates Sec. Litig.*, No. 02-CV-1226 (E.D.N.Y. 2002):

Kessler Topaz served as Co-Lead Counsel on behalf of plaintiffs, alleging that Computer Associates and certain of its officers misrepresented the health of the company's business, materially overstated the company's revenues, and engaged in illegal insider selling. After nearly two years of litigation, Kessler Topaz helped obtain a settlement of \$150 million in cash and stock from the company.

*In re The Interpublic Group of Companies Sec. Litig.*, No. 02 Civ. 6527 (S.D.N.Y. 2002):

Kessler Topaz served as sole Lead Counsel in this action on behalf of an institutional investor and received final approval of a settlement consisting of \$20 million in cash and 6,551,725 shares of IPG common stock. As of the final hearing in the case, the stock had an approximate value of \$87 million, resulting in a total settlement value of approximately \$107 million. In granting its approval, the Court praised Kessler Topaz for acting responsibly and noted the Firm's professionalism, competence and contribution to achieving such a favorable result.

*In re Digital Lightwave, Inc. Sec. Litig.*, Consolidated Case No. 98-152-CIV-T-24E (M.D. Fla. 1999):

The firm served as Co-Lead Counsel in one of the nation's most successful securities class actions in history measured by the percentage of damages recovered. After extensive litigation and negotiations, a settlement consisting primarily of stock was worth over \$170 million at the time when it was distributed to the Class. Kessler Topaz took on the primary role in negotiating the terms of the equity component, insisting that the class have the right to share in any upward appreciation in the value of the stock after the settlement was reached. This recovery represented an astounding approximately two hundred percent (200%) of class members' losses.

*In re Transkaryotic Therapies, Inc. Sec. Litig.*, Civil Action No. 03-10165-RWZ (D. Mass. 2003):

After five years of hard-fought, contentious litigation, Kessler Topaz as Lead Counsel on behalf of the Class, entered into one of largest settlements ever against a biotech company with regard to non-approval of one of its drugs by the U.S. Food and Drug Administration ("FDA"). Specifically, the Plaintiffs alleged that Transkaryotic Therapies, Inc. ("TKT") and its CEO, Richard Selden, engaged in a fraudulent scheme to artificially inflate the price of TKT common stock and to deceive Class Members by making misrepresentations and nondisclosures of material facts concerning TKT's prospects for FDA approval of Replagal, TKT's experimental enzyme replacement therapy for Fabry disease. With the assistance of the Honorable Daniel Weinstein, a retired state court judge from California, Kessler Topaz secured a \$50 million settlement from the Defendants during a complex and arduous mediation.

*In re PNC Financial Services Group, Inc. Sec. Litig., Case No. 02-CV-271 (W.D. Pa. 2002):*

Kessler Topaz served as Co-Lead Counsel in a securities class action case brought against PNC bank, certain of its officers and directors, and its outside auditor, Ernst & Young, LLP (“E&Y”), relating to the conduct of Defendants in establishing, accounting for and making disclosures concerning three special purpose entities (“SPEs”) in the second, third and fourth quarters of PNC’s 2001 fiscal year. Plaintiffs alleged that these entities were created by Defendants for the sole purpose of allowing PNC to secretly transfer non-performing assets worth hundreds of millions of dollars from its own books to the books of the SPEs without disclosing the transfers or consolidating the results and then making positive announcements to the public concerning the bank’s performance with respect to its non-performing assets. Complex issues were presented with respect to all defendants, but particularly E&Y. Throughout the litigation E&Y contended that because it did not make any false and misleading statements itself, the Supreme Court’s opinion in *Central Bank of Denver, N.A. v. First Interstate Bank of Denver, N.A.*, 511 U.S. 164 (1993) foreclosed securities liability for “aiding or abetting” securities fraud for purposes of Section 10(b) liability. Plaintiffs, in addition to contending that E&Y did make false statements, argued that Rule 10b-5’s deceptive conduct prong stood on its own as an independent means of committing fraud and that so long as E&Y itself committed a deceptive act, it could be found liable under the securities laws for fraud. After several years of litigation and negotiations, PNC paid \$30 million to settle the action, while also assigning any claims it may have had against E&Y and certain other entities that were involved in establishing and/or reporting on the SPEs. Armed with these claims, class counsel was able to secure an additional \$6.6 million in settlement funds for the class from two law firms and a third party insurance company and \$9.075 million from E&Y. Class counsel was also able to negotiate with the U.S. government, which had previously obtained a disgorgement fund of \$90 million from PNC and \$46 million from the third party insurance carrier, to combine all funds into a single settlement fund that exceeded \$180 million and is currently in the process of being distributed to the entire class, with PNC paying all costs of notifying the Class of the settlement.

*In re SemGroup Energy Partners, L.P., Sec. Litig., No. 08-md-1989 (DC) (N.D. Okla.):*

Kessler Topaz, which was appointed by the Court as sole Lead Counsel, litigated this matter, which ultimately settled for \$28 million. On April 20, 2010, in a fifty-page published opinion, the United States District Court for the Northern District of Oklahoma largely denied defendants’ ten separate motions to dismiss Lead Plaintiff’s Consolidated Amended Complaint. The Complaint alleged that: (i) defendants concealed SemGroup’s risky trading operations that eventually caused SemGroup to declare bankruptcy; and (ii) defendants made numerous false statements concerning SemGroup’s ability to provide its publicly-traded Master Limited Partnership stable cash-flows. The case was aggressively litigated out of the Firm’s San Francisco and Radnor offices and the significant recovery was obtained, not only from the Company’s principals, but also from its underwriters and outside directors.

*In re Liberate Techs. Sec. Litig., No. C-02-5017 (MJJ) (N.D. Cal. 2005):*

Kessler Topaz represented plaintiffs which alleged that Liberate engaged in fraudulent revenue recognition practices to artificially inflate the price of its stock, ultimately forcing it to restate its earnings. As sole Lead Counsel, Kessler Topaz successfully negotiated a \$13.8 million settlement, which represents almost 40% of the damages suffered by the class. In approving the settlement, the district court complimented Lead Counsel for its “extremely credible and competent job.”

*In re Riverstone Networks, Inc. Sec. Litig., Case No. CV-02-3581 (N.D. Cal. 2002):*

Kessler Topaz served as Lead Counsel on behalf of plaintiffs alleging that Riverstone and certain of its officers and directors sought to create the impression that the Company, despite the industry-wide downturn in the telecom sector, had the ability to prosper and succeed and was actually prospering. In that regard, plaintiffs alleged that defendants issued a series of false and misleading statements concerning the Company's financial condition, sales and prospects, and used inside information to personally profit. After extensive litigation, the parties entered into formal mediation with the Honorable Charles Legge (Ret.). Following five months of extensive mediation, the parties reached a settlement of \$18.5 million.

## SHAREHOLDER DERIVATIVE ACTIONS

*In re Facebook, Inc. Class C Reclassification Litig., C.A. No. 12286-VCL (Del. Ch. Sept. 25, 2017):*

Kessler Topaz served as co-lead counsel in this stockholder class action that challenged a proposed reclassification of Facebook's capital structure to accommodate the charitable giving goals of its founder and controlling stockholder Mark Zuckerberg. The Reclassification involved the creation of a new class of nonvoting Class C stock, which would be issued as a dividend to all Facebook Class A and Class B stockholders (including Zuckerberg) on a 2-for-1 basis. The purpose and effect of the Reclassification was that it would allow Zuckerberg to sell billions of dollars worth of nonvoting Class C shares without losing his voting control of Facebook. The litigation alleged that Zuckerberg and Facebook's board of directors breached their fiduciary duties in approving the Reclassification at the behest of Zuckerberg and for his personal benefit. At trial Kessler Topaz was seeking a permanent injunction to prevent the consummation of the Reclassification. The litigation was carefully followed in the business and corporate governance communities, due to the high-profile nature of Facebook, Zuckerberg, and the issues at stake. After almost a year and a half of hard fought litigation, just one business day before trial was set to commence, Facebook and Zuckerberg abandoned the Reclassification, granting Plaintiffs complete victory.

*In re CytRx Stockholder Derivative Litig., Consol. C.A. No. 9864-VCL (Del. Ch. Nov. 20, 2015):*

Kessler Topaz served as co-lead counsel in a shareholder derivative action challenging 2.745 million "spring-loaded" stock options. On the day before CytRx announced the most important news in the Company's history concerning the positive trial results for one of its significant pipeline drugs, the Compensation Committee of CytRx's Board of Directors granted the stock options to themselves, their fellow directors and several Company officers which immediately came "into the money" when CytRx's stock price shot up immediately following the announcement the next day. Kessler Topaz negotiated a settlement recovering 100% of the excess compensation received by the directors and approximately 76% of the damages potentially obtainable from the officers. In addition, as part of the settlement, Kessler Topaz obtained the appointment of a new independent director to the Board of Directors and the implementation of significant reforms to the Company's stock option award processes. The Court complimented the settlement, explaining that it "serves what Delaware views as the overall positive function of stockholder litigation, which is not just recovery in the individual case but also deterrence and norm enforcement."

*International Brotherhood of Electrical Workers Local 98 Pension Fund v. Black, et al., Case No. 37-2011-00097795-CU-SL-CTL (Sup. Ct. Cal., San Diego Feb. 5, 2016) ("Encore Capital Group, Inc."):*

Kessler Topaz, as co-lead counsel, represented International Brotherhood of Electrical Workers Local 98 Pension Fund in a shareholder derivative action challenging breaches of fiduciary duties and other

violations of law in connection with Encore's debt collection practices, including robo-signing affidavits and improper use of the court system to collect alleged consumer debts. Kessler Topaz negotiated a settlement in which the Company implemented industry-leading reforms to its risk management and corporate governance practices, including creating Chief Risk Officer and Chief Compliance Officer positions, various compliance committees, and procedures for consumer complaint monitoring.

*In re Southern Peru Copper Corp. Derivative Litigation*, Consol. CA No. 961-CS (Del. Ch. 2011):

Kessler Topaz served as co-lead counsel in this landmark \$2 billion post-trial decision, believed to be the largest verdict in Delaware corporate law history. In 2005, Southern Peru, a publicly-traded copper mining company, acquired Minera Mexico, a private mining company owned by Southern Peru's majority stockholder Grupo Mexico. The acquisition required Southern Peru to pay Grupo Mexico more than \$3 billion in Southern Peru stock. We alleged that Grupo Mexico had caused Southern Peru to grossly overpay for the private company in deference to its majority shareholder's interests. Discovery in the case spanned years and continents, with depositions in Peru and Mexico. The trial court agreed and ordered Grupo Mexico to pay more than \$2 billion in damages and interest. The Delaware Supreme Court affirmed on appeal.

*Quinn v. Knight*, No. 3:16-cv-610 (E.D. Va. Mar. 16, 2017) ("Apple REIT Ten"):

This shareholder derivative action challenged a conflicted "roll up" REIT transaction orchestrated by Glade M. Knight and his son Justin Knight. The proposed transaction paid the Knights millions of dollars while paying public stockholders less than they had invested in the company. The case was brought under Virginia law, and settled just ten days before trial, with stockholders receiving an additional \$32 million in merger consideration.

*Kastis v. Carter*, C.A. No. 8657-CB (Del. Ch. Sept. 19, 2016) ("Hemispherx Biopharma, Inc."):

This derivative action challenged improper bonuses paid to two company executives of this small pharmaceutical company that had never turned a profit. In response to the complaint, Hemispherx's board first adopted a "fee-shifting" bylaw that would have required stockholder plaintiffs to pay the company's legal fees unless the plaintiffs achieved 100% of the relief they sought. This sort of bylaw, if adopted more broadly, could substantially curtail meritorious litigation by stockholders unwilling to risk losing millions of dollars if they bring an unsuccessful case. After Kessler Topaz presented its argument in court, Hemispherx withdrew the bylaw. Kessler Topaz ultimately negotiated a settlement requiring the two executives to forfeit several million dollars' worth of accrued but unpaid bonuses, future bonuses and director fees. The company also recovered \$1.75 million from its insurance carriers, appointed a new independent director to the board, and revised its compensation program.

*Montgomery v. Erickson, Inc., et al.*, C.A. No. 8784-VCL (Del. Ch. Sept. 12, 2016):

Kessler Topaz represented an individual stockholder who asserted in the Delaware Court of Chancery class action and derivative claims challenging merger and recapitalization transactions that benefitted the company's controlling stockholders at the expense of the company and its minority stockholders. Plaintiff alleged that the controlling stockholders of Erickson orchestrated a series of transactions with the intent and effect of using Erickson's money to bail themselves out of a failing investment. Defendants filed a motion to dismiss the complaint, which Kessler Topaz defeated, and the case proceeded through more than a year of fact discovery. Following an initially unsuccessful mediation and further litigation, Kessler Topaz ultimately achieved an \$18.5 million cash settlement, 80% of which was distributed to members of the stockholder class to resolve their direct claims and 20% of which was paid to the company to resolve the derivative claims. The settlement also instituted changes to the company's governing documents to prevent future self-dealing transactions like those that gave rise to the case.

*In re Helios Closed-End Funds Derivative Litig.*, No. 2:11-cv-02935-SHM-TMP (W.D. Tenn. 2011): Kessler Topaz represented stockholders of four closed-end mutual funds in a derivative action against the funds' former investment advisor, Morgan Asset Management. Plaintiffs alleged that the defendants mismanaged the funds by investing in riskier securities than permitted by the funds' governing documents and, after the values of these securities began to precipitously decline beginning in early 2007, cover up their wrongdoing by assigning phony values to the funds' investments and failing to disclose the extent of the decrease in value of the funds' assets. In a rare occurrence in derivative litigation, the funds' Boards of Directors eventually hired Kessler Topaz to prosecute the claims against the defendants on behalf of the funds. Our litigation efforts led to a settlement that recovered \$6 million for the funds and ensured that the funds would not be responsible for making any payment to resolve claims asserted against them in a related multi-million dollar securities class action. The fund's Boards fully supported and endorsed the settlement, which was negotiated independently of the parallel securities class action.

*In re Viacom, Inc. Shareholder Derivative Litig.*, Index No. 602527/05 (N.Y. Sup. Ct. 2005): Kessler Topaz represented the Public Employees' Retirement System of Mississippi and served as Lead Counsel in a derivative action alleging that the members of the Board of Directors of Viacom, Inc. paid excessive and unwarranted compensation to Viacom's Executive Chairman and CEO, Sumner M. Redstone, and co-COOs Thomas E. Freston and Leslie Moonves, in breach of their fiduciary duties. Specifically, we alleged that in fiscal year 2004, when Viacom reported a record net loss of \$17.46 billion, the board improperly approved compensation payments to Redstone, Freston, and Moonves of approximately \$56 million, \$52 million, and \$52 million, respectively. Judge Ramos of the New York Supreme Court denied Defendants' motion to dismiss the action as we overcame several complex arguments related to the failure to make a demand on Viacom's Board; Defendants then appealed that decision to the Appellate Division of the Supreme Court of New York. Prior to a decision by the appellate court, a settlement was reached in early 2007. Pursuant to the settlement, Sumner Redstone, the company's Executive Chairman and controlling shareholder, agreed to a new compensation package that, among other things, substantially reduces his annual salary and cash bonus, and ties the majority of his incentive compensation directly to shareholder returns.

*In re Family Dollar Stores, Inc. Derivative Litig.*, Master File No. 06-CVS-16796 (Mecklenburg County, NC 2006):

Kessler Topaz served as Lead Counsel, derivatively on behalf of Family Dollar Stores, Inc., and against certain of Family Dollar's current and former officers and directors. The actions were pending in Mecklenburg County Superior Court, Charlotte, North Carolina, and alleged that certain of the company's officers and directors had improperly backdated stock options to achieve favorable exercise prices in violation of shareholder-approved stock option plans. As a result of these shareholder derivative actions, Kessler Topaz was able to achieve substantial relief for Family Dollar and its shareholders. Through Kessler Topaz's litigation of this action, Family Dollar agreed to cancel hundreds of thousands of stock options granted to certain current and former officers, resulting in a seven-figure net financial benefit for the company. In addition, Family Dollar has agreed to, among other things: implement internal controls and granting procedures that are designed to ensure that all stock options are properly dated and accounted for; appoint two new independent directors to the board of directors; maintain a board composition of at least 75 percent independent directors; and adopt stringent officer stock-ownership policies to further align the interests of officers with those of Family Dollar shareholders. The settlement was approved by Order of the Court on August 13, 2007.

*Carbon County Employees Retirement System, et al., Derivatively on Behalf of Nominal Defendant Southwest Airlines Co. v. Gary C. Kelly, et al. Cause No. 08-08692 (District Court of Dallas County, Texas):*

As lead counsel in this derivative action, we negotiated a settlement with far-reaching implications for the safety and security of airline passengers. Our clients were shareholders of Southwest Airlines Co. (Southwest) who alleged that certain officers and directors had breached their fiduciary duties in connection with Southwest's violations of Federal Aviation Administration safety and maintenance regulations. Plaintiffs alleged that from June 2006 to March 2007, Southwest flew 46 Boeing 737 airplanes on nearly 60,000 flights without complying with a 2004 FAA Airworthiness Directive requiring fuselage fatigue inspections. As a result, Southwest was forced to pay a record \$7.5 million fine. We negotiated numerous reforms to ensure that Southwest's Board is adequately apprised of safety and operations issues, and implementing significant measures to strengthen safety and maintenance processes and procedures.

*The South Financial Group, Inc. Shareholder Litigation, C.A. No. 2008-CP-23-8395 (S.C. C.C.P. 2009):*

Represented shareholders in derivative litigation challenging board's decision to accelerate "golden parachute" payments to South Financial Group's CEO as the company applied for emergency assistance in 2008 under the Troubled Asset Recovery Plan (TARP). We sought injunctive relief to block the payments and protect the company's ability to receive the TARP funds. The litigation was settled with the CEO giving up part of his severance package and agreeing to leave the board, as well as the implementation of important corporate governance changes one commentator described as "unprecedented."

## OPTIONS BACKDATING

In 2006, the Wall Street Journal reported that three companies appeared to have "backdated" stock option grants to their senior executives, pretending that the options had been awarded when the stock price was at its lowest price of the quarter, or even year. An executive who exercised the option thus paid the company an artificially low price, which stole money from the corporate coffers. While stock options are designed to incentivize recipients to drive the company's stock price up, backdating options to artificially low prices undercut those incentives, overpaid executives, violated tax rules, and decreased shareholder value.

Kessler Topaz worked with a financial analyst to identify dozens of other companies that had engaged in similar practices, and filed more than 50 derivative suits challenging the practice. These suits sought to force the executives to disgorge their improper compensation and to revamp the companies' executive compensation policies. Ultimately, as lead counsel in these derivative actions, Kessler Topaz achieved significant monetary and non-monetary benefits at dozens of companies, including:

*Comverse Technology, Inc.:* Settlement required Comverse's founder and CEO Kobi Alexander, who fled to Namibia after the backdating was revealed, to disgorge more than \$62 million in excessive backdated option compensation. The settlement also overhauled the company's corporate governance and internal controls, replacing a number of directors and corporate executives, splitting the Chairman and CEO positions, and instituting majority voting for directors.

*Monster Worldwide, Inc.:* Settlement required recipients of backdated stock options to disgorge more than \$32 million in unlawful gains back to the company, plus agreeing to significant corporate governance measures. These measures included (a) requiring Monster’s founder Andrew McKelvey to reduce his voting control over Monster from 31% to 7%, by exchanging super-voting stock for common stock; and (b) implementing new equity granting practices that require greater accountability and transparency in the granting of stock options moving forward. In approving the settlement, the court noted “the good results, mainly the amount of money for the shareholders and also the change in governance of the company itself, and really the hard work that had to go into that to achieve the results....”

*Affiliated Computer Services, Inc.:* Settlement required executives, including founder Darwin Deason, to give up \$20 million in improper backdated options. The litigation was also a catalyst for the company to replace its CEO and CFO and revamp its executive compensation policies.

## MERGERS & ACQUISITIONS LITIGATION

*City of Daytona Beach Police and Fire Pension Fund v. ExamWorks Group, Inc., et al., C.A. No. 12481-VCL (Del. Ch.):*

On September 12, 2017, the Delaware Chancery Court approved one of the largest class action M&A settlements in the history of the Delaware Chancery Court, a \$86.5 million settlement relating to the acquisition of ExamWorks Group, Inc. by private equity firm Leonard Green & Partners, LP.

The settlement caused ExamWorks stockholders to receive a 6% improvement on the \$35.05 per share merger consideration negotiated by the defendants. This amount is unusual especially for litigation challenging a third-party merger. The settlement amount is also noteworthy because it includes a \$46.5 million contribution from ExamWorks’ outside legal counsel, Paul Hastings LLP.

*In re ArthroCare Corporation S’holder Litig., Consol. C.A. No. 9313-VCL (Del. Ch. Nov. 13, 2014):*

Kessler Topaz, as co-lead counsel, challenged the take-private of Arthrocare Corporation by private equity firm Smith & Nephew. This class action litigation alleged, among other things, that Arthrocare’s Board breached their fiduciary duties by failing to maximize stockholder value in the merger. Plaintiffs also alleged that the merger violated Section 203 of the Delaware General Corporation Law, which prohibits mergers with “interested stockholders,” because Smith & Nephew had contracted with JP Morgan to provide financial advice and financing in the merger, while a subsidiary of JP Morgan owned more than 15% of Arthrocare’s stock. Plaintiffs also alleged that the agreement between Smith & Nephew and the JP Morgan subsidiary violated a “standstill” agreement between the JP Morgan subsidiary and Arthrocare. The court set these novel legal claims for an expedited trial prior to the closing of the merger. The parties agreed to settle the action when Smith & Nephew agreed to increase the merger consideration paid to Arthrocare stockholders by \$12 million, less than a month before trial.

*In re Safeway Inc. Stockholders Litig., C.A. No. 9445-VCL (Del. Ch. Sept. 17, 2014):*

Kessler Topaz represented the Oklahoma Firefighters Pension and Retirement System in class action litigation challenging the acquisition of Safeway, Inc. by Albertson’s grocery chain for \$32.50 per share in cash and contingent value rights. Kessler Topaz argued that the value of CVRs was illusory, and Safeway’s shareholder rights plan had a prohibitive effect on potential bidders making superior offers to acquire Safeway, which undermined the effectiveness of the post-signing “go shop.”

Plaintiffs sought to enjoin the transaction, but before the scheduled preliminary injunction hearing took place, Kessler Topaz negotiated (i) modifications to the terms of the CVRs and (ii) defendants' withdrawal of the shareholder rights plan. In approving the settlement, Vice Chancellor Laster of the Delaware Chancery Court stated that "the plaintiffs obtained significant changes to the transaction . . . that may well result in material increases in the compensation received by the class," including substantial benefits potentially in excess of \$230 million.

*In re MPG Office Trust, Inc. Preferred Shareholder Litig.*, Cons. Case No. 24-C-13-004097 (Md. Cir. Oct. 20, 2015):

Kessler Topaz challenged a coercive tender offer whereby MPG preferred stockholders received preferred stock in Brookfield Office Properties, Inc. without receiving any compensation for their accrued and unpaid dividends. Kessler Topaz negotiated a settlement where MPG preferred stockholders received a dividend of \$2.25 per share, worth approximately \$21 million, which was the only payment of accrued dividends Brookfield DTLA Preferred Stockholders had received as of the time of the settlement.

*In re Globe Specialty Metals, Inc. Stockholders Litig.*, C.A. 10865-VCG (Del. Ch. Feb. 15, 2016):

Kessler Topaz served as co-lead counsel in class action litigation arising from Globe's acquisition by Grupo Atlantica to form Ferroglobe. Plaintiffs alleged that Globe's Board breached their fiduciary duties to Globe's public stockholders by agreeing to sell Globe for an unfair price, negotiating personal benefits for themselves at the expense of the public stockholders, failing to adequately inform themselves of material issues with Grupo Atlantica, and issuing a number of materially deficient disclosures in an attempt to mask issues with the negotiations. At oral argument on Plaintiffs' preliminary injunction motion, the Court held that Globe stockholders likely faced irreparable harm from the Board's conduct, but reserved ruling on the other preliminary injunction factors. Prior to the Court's final ruling, the parties agreed to settle the action for \$32.5 million and various corporate governance reforms to protect Globe stockholders' rights in Ferroglobe.

*In re Dole Food Co., Inc. Stockholder Litig.*, Consol. C.A. No. 8703-VCL, 2015 WL 5052214 (Del. Ch. Aug. 27, 2015):

On August 27, 2015, Vice Chancellor J. Travis Laster issued his much-anticipated post-trial verdict in litigation by former stockholders of Dole Food Company against Dole's chairman and controlling stockholder David Murdock. In a 106-page ruling, Vice Chancellor Laster found that Murdock and his longtime lieutenant, Dole's former president and general counsel C. Michael Carter, unfairly manipulated Dole's financial projections and misled the market as part of Murdock's efforts to take the company private in a deal that closed in November 2013. Among other things, the Court concluded that Murdock and Carter "primed the market for the freeze-out by driving down Dole's stock price" and provided the company's outside directors with "knowingly false" information and intended to "mislead the board for Mr. Murdock's benefit." Vice Chancellor Laster found that the \$13.50 per share going-private deal underpaid stockholders, and awarded class damages of \$2.74 per share, totaling \$148 million. That award represents the largest post-trial class recovery in the merger context. The largest post-trial derivative recovery in a merger case remains Kessler Topaz's landmark 2011 \$2 billion verdict in *In re Southern Peru*.

*In re Genentech, Inc. Shareholders Lit.*, Cons. Civ. Action No. 3991-VCS (Del. Ch. 2008):

Kessler Topaz served as Co-Lead Counsel in this shareholder class action brought against the directors of Genentech and Genentech's majority stockholder, Roche Holdings, Inc., in response to Roche's July 21, 2008 attempt to acquire Genentech for \$89 per share. We sought to enforce provisions of an Affiliation Agreement between Roche and Genentech and to ensure that Roche fulfilled its fiduciary obligations to Genentech's shareholders through any buyout effort by Roche.

After moving to enjoin the tender offer, Kessler Topaz negotiated with Roche and Genentech to amend the Affiliation Agreement to allow a negotiated transaction between Roche and Genentech, which enabled Roche to acquire Genentech for \$95 per share, approximately \$3.9 billion more than Roche offered in its hostile tender offer. In approving the settlement, then-Vice Chancellor Leo Strine complimented plaintiffs' counsel, noting that this benefit was only achieved through "real hard-fought litigation in a complicated setting."

*In re GSI Commerce, Inc. Shareholder Litig., Consol. C.A. No. 6346-VCN (Del. Ch. Nov. 15, 2011):* On behalf of the Erie County Employees' Retirement System, we alleged that GSI's founder breached his fiduciary duties by negotiating a secret deal with eBay for him to buy several GSI subsidiaries at below market prices before selling the remainder of the company to eBay. These side deals significantly reduced the acquisition price paid to GSI stockholders. Days before an injunction hearing, we negotiated an improvement in the deal price of \$24 million.

*In re Amicas, Inc. Shareholder Litigation, 10-0174-BLS2 (Suffolk County, MA 2010):* Kessler Topaz served as lead counsel in class action litigation challenging a proposed private equity buyout of Amicas that would have paid Amicas shareholders \$5.35 per share in cash while certain Amicas executives retained an equity stake in the surviving entity moving forward. Kessler Topaz prevailed in securing a preliminary injunction against the deal, which then allowed a superior bidder to purchase the Company for an additional \$0.70 per share (\$26 million). The court complimented Kessler Topaz attorneys for causing an "exceptionally favorable result for Amicas' shareholders" after "expend[ing] substantial resources."

*In re Harleysville Mutual, Nov. Term 2011, No. 02137 (C.C.P., Phila. Cnty.):* Kessler Topaz served as co-lead counsel in expedited merger litigation challenging Harleysville's agreement to sell the company to Nationwide Insurance Company. Plaintiffs alleged that policyholders were entitled to receive cash in exchange for their ownership interests in the company, not just new Nationwide policies. Plaintiffs also alleged that the merger was "fundamentally unfair" under Pennsylvania law. The defendants contested the allegations and contended that the claims could not be prosecuted directly by policyholders (as opposed to derivatively on the company's behalf). Following a two-day preliminary injunction hearing, we settled the case in exchange for a \$26 million cash payment to policyholders.

## CONSUMER PROTECTION & FIDUCIARY LITIGATION

*In re: J.P. Jeanneret Associates Inc., et al., No. 09-cv-3907 (S.D.N.Y.):* Kessler Topaz served as lead counsel for one of the plaintiff groups in an action against J.P. Jeanneret and Ivy Asset Management relating to an alleged breach of fiduciary and statutory duty in connection with the investment of retirement plan assets in Bernard Madoff-related entities. By breaching their fiduciary duties, Defendants caused significant losses to the retirement plans. Following extensive hard-fought litigation, the case settled for a total of \$216.5 million.

*In re: National City Corp. Securities, Derivative and ERISA Litig, No. 08-nc-7000 (N.D. Ohio):* Kessler Topaz served as a lead counsel in this complex action alleging that certain directors and officers of National City Corp. breached their fiduciary duties under the Employee Retirement Income Security Act of 1974. These breaches arose from an investment in National City stock during

a time when defendants knew, or should have known, that the company stock was artificially inflated and an imprudent investment for the company's 401(k) plan. The case settled for \$43 million on behalf of the plan, plaintiffs and a settlement class of plan participants.

*Alston, et al. v. Countrywide Financial Corp. et al., No. 07-cv-03508 (E.D. Pa.):*

Kessler Topaz served as lead counsel in this novel and complex action which alleged that Defendants Countrywide Financial Corporation, Countrywide Home Loans, Inc. and Balboa Reinsurance Co. violated the Real Estate Settlement Procedure Act ("RESPA") and ultimately cost borrowers millions of dollars. Specifically, the action alleged that Defendants engaged in a scheme related to private mortgage insurance involving kickbacks, which are prohibited under RESPA. After three and a half years of hard-fought litigation, the action settled for \$34 million.

*Trustees of the Local 464A United Food and Commercial Workers Union Pension Fund, et al. v. Wachovia Bank, N.A., et al., No. 09-cv-00668 (D.N.J.):*

For more than 50 years, Wachovia and its predecessors acted as investment manager for the Local 464A UFCW Union Funds, exercising investment discretion consistent with certain investment guidelines and fiduciary obligations. Until mid-2007, Wachovia managed the fixed income assets of the funds safely and conservatively, and their returns closely tracked the Lehman Aggregate Bond Index (now known as the Barclay's Capital Aggregate Bond Index) to which the funds were benchmarked. However, beginning in mid-2007 Wachovia significantly changed the investment strategy, causing the funds' portfolio value to drop drastically below the benchmark. Specifically, Wachovia began to dramatically decrease the funds' holdings in short-term, high-quality, low-risk debt instruments and materially increase their holdings in high-risk mortgage-backed securities and collateralized mortgage obligations. We represented the funds' trustees in alleging that, among other things, Wachovia breached its fiduciary duty by: failing to invest the assets in accordance with the funds' conservative investment guidelines; failing to adequately monitor the funds' fixed income investments; and failing to provide complete and accurate information to plaintiffs concerning the change in investment strategy. The matter was resolved privately between the parties.

*In re Bank of New York Mellon Corp. Foreign Exchange Transactions Litig., No. 1:12-md-02335 (S.D.N.Y.):*

On behalf of the Southeastern Pennsylvania Transportation Authority Pension Fund and a class of similarly situated domestic custodial clients of BNY Mellon, we alleged that BNY Mellon secretly assigned a spread to the FX rates at which it transacted FX transactions on behalf of its clients who participated in the BNY Mellon's automated "Standing Instruction" FX service. BNY Mellon determining this spread by executing its clients' transactions at one rate and then, typically, at the end of the trading day, assigned a rate to its clients which approximated the worst possible rates of the trading day, pocketing the difference as riskless profit. This practice was despite BNY Mellon's contractual promises to its clients that its Standing Instruction service was designed to provide "best execution," was "free of charge" and provided the "best rates of the day." The case asserted claims for breach of contract and breach of fiduciary duty on behalf of BNY Mellon's custodial clients and sought to recover the unlawful profits that BNY Mellon earned from its unfair and unlawful FX practices. The case was litigated in collaboration with separate cases brought by state and federal agencies, with Kessler Topaz serving as lead counsel and a member of the executive committee overseeing the private litigation. After extensive discovery, including more than 100 depositions, over 25 million pages of fact discovery, and the submission of multiple expert reports, Plaintiffs reached a settlement with BNY Mellon of \$335 million. Additionally, the settlement is being administered by Kessler Topaz along with separate recoveries by state and federal agencies which bring the total recovery for BNY Mellon's custodial customers to \$504 million. The settlement was approved on September 24, 2015. In approving the settlement, Judge Lewis Kaplan praised counsel

for a “wonderful job,” stating that counsel “fought tooth and nail at every step of the road.” In further recognition of the efforts of counsel, Judge Kaplan noted that “[t]his was an outrageous wrong by the Bank of New York Mellon, and plaintiffs’ counsel deserve a world of credit for taking it on, for running the risk, for financing it and doing a great job.”

*CompSource Oklahoma v. BNY Mellon Bank, N.A.*, No. CIV 08-469-KEW (E.D. Okla. October 25, 2012):

Kessler Topaz served as Interim Class Counsel in this matter alleging that BNY Mellon Bank, N.A. and the Bank of New York Mellon (collectively, “BNYM”) breached their statutory, common law and contractual duties in connection with the administration of their securities lending program. The Second Amended Complaint alleged, among other things, that BNYM imprudently invested cash collateral obtained under its securities lending program in medium term notes issued by Sigma Finance, Inc. -- a foreign structured investment vehicle (“SIV”) that is now in receivership -- and that such conduct constituted a breach of BNYM’s fiduciary obligations under the Employee Retirement Income Security Act of 1974, a breach of its fiduciary duties under common law, and a breach of its contractual obligations under the securities lending agreements. The Complaint also asserted claims for negligence, gross negligence and willful misconduct. The case recently settled for \$280 million.

*Transatlantic Holdings, Inc., et al. v. American International Group, Inc., et al.*, American Arbitration Association Case No. 50 148 T 00376 10:

Kessler Topaz served as counsel for Transatlantic Holdings, Inc., and its subsidiaries (“TRH”), alleging that American International Group, Inc. and its subsidiaries (“AIG”) breached their fiduciary duties, contractual duties, and committed fraud in connection with the administration of its securities lending program. Until June 2009, AIG was TRH’s majority shareholder and, at the same time, administered TRH’s securities lending program. TRH’s Statement of Claim alleged that, among other things, AIG breached its fiduciary obligations as investment advisor and majority shareholder by imprudently investing the majority of the cash collateral obtained under its securities lending program in mortgage backed securities, including Alt-A and subprime investments. The Statement of Claim further alleged that AIG concealed the extent of TRH’s subprime exposure and that when the collateral pools began experiencing liquidity problems in 2007, AIG unilaterally carved TRH out of the pools so that it could provide funding to its wholly owned subsidiaries to the exclusion of TRH. The matter was litigated through a binding arbitration and TRH was awarded \$75 million.

*Board of Trustees of the AFTRA Retirement Fund v. JPMorgan Chase Bank, N.A. – Consolidated Action No. 09-cv-00686 (SAS) (S.D.N.Y.)*:

On January 23, 2009, the firm filed a class action complaint on behalf of all entities that were participants in JPMorgan’s securities lending program and that incurred losses on investments that JPMorgan, acting in its capacity as a discretionary investment manager, made in medium-term notes issue by Sigma Finance, Inc. – a now defunct structured investment vehicle. The losses of the Class exceeded \$500 million. The complaint asserted claims for breach of fiduciary duty under the Employee Retirement Income Security Act (ERISA), as well as common law breach of fiduciary duty, breach of contract and negligence. Over the course of discovery, the parties produced and reviewed over 500,000 pages of documents, took 40 depositions (domestic and foreign) and exchanged 21 expert reports. The case settled for \$150 million. Trial was scheduled to commence on February 6, 2012.

*In re Global Crossing, Ltd. ERISA Litigation, No. 02 Civ. 7453 (S.D.N.Y. 2004):*

Kessler Topaz served as Co-Lead Counsel in this novel, complex and high-profile action which alleged that certain directors and officers of Global Crossing, a former high-flier of the late 1990's tech stock boom, breached their fiduciary duties under the Employee Retirement Income Security Act of 1974 ("ERISA") to certain company-provided 401(k) plans and their participants. These breaches arose from the plans' alleged imprudent investment in Global Crossing stock during a time when defendants knew, or should have known, that the company was facing imminent bankruptcy. A settlement of plaintiffs' claims restoring \$79 million to the plans and their participants was approved in November 2004. At the time, this represented the largest recovery received in a company stock ERISA class action.

*In re AOL Time Warner ERISA Litigation, No. 02-CV-8853 (S.D.N.Y. 2006):*

Kessler Topaz, which served as Co-Lead Counsel in this highly-publicized ERISA fiduciary breach class action brought on behalf of the Company's 401(k) plans and their participants, achieved a record \$100 million settlement with defendants. The \$100 million restorative cash payment to the plans (and, concomitantly, their participants) represents the largest recovery from a single defendant in a breach of fiduciary action relating to mismanagement of plan assets held in the form of employer securities. The action asserted claims for breach of fiduciary duties pursuant to the Employee Retirement Income Security Act of 1974 ("ERISA") on behalf of the participants in the AOL Time Warner Savings Plan, the AOL Time Warner Thrift Plan, and the Time Warner Cable Savings Plan (collectively, the "Plans") whose accounts purchased and/or held interests in the AOLTW Stock Fund at any time between January 27, 1999 and July 3, 2003. Named as defendants in the case were Time Warner (and its corporate predecessor, AOL Time Warner), several of the Plans' committees, as well as certain current and former officers and directors of the company. In March 2005, the Court largely denied defendants' motion to dismiss and the parties began the discovery phase of the case. In January 2006, Plaintiffs filed a motion for class certification, while at the same time defendants moved for partial summary judgment. These motions were pending before the Court when the settlement in principle was reached. Notably, an Independent Fiduciary retained by the Plans to review the settlement in accordance with Department of Labor regulations approved the settlement and filed a report with Court noting that the settlement, in addition to being "more than a reasonable recovery" for the Plans, is "one of the largest ERISA employer stock action settlements in history."

*In re Honeywell International ERISA Litigation, No. 03-1214 (DRD) (D.N.J. 2004):*

Kessler Topaz served as Lead Counsel in a breach of fiduciary duty case under ERISA against Honeywell International, Inc. and certain fiduciaries of Honeywell defined contribution pension plans. The suit alleged that Honeywell and the individual fiduciary defendants, allowed Honeywell's 401(k) plans and their participants to imprudently invest significant assets in company stock, despite that defendants knew, or should have known, that Honeywell's stock was an imprudent investment due to undisclosed, wide-ranging problems stemming from a consummated merger with Allied Signal and a failed merger with General Electric. The settlement of plaintiffs' claims included a \$14 million payment to the plans and their affected participants, and significant structural relief affording participants much greater leeway in diversifying their retirement savings portfolios.

*Henry v. Sears, et. al., Case No. 98 C 4110 (N.D. Ill. 1999):*

The Firm served as Co-Lead Counsel for one of the largest consumer class actions in history, consisting of approximately 11 million Sears credit card holders whose interest rates were improperly increased in connection with the transfer of the credit card accounts to a national bank. Kessler Topaz successfully negotiated a settlement representing approximately 66% of all class members' damages, thereby providing a total benefit exceeding \$156 million. All \$156 million was distributed automatic-

ally to the Class members, without the filing of a single proof of claim form. In approving the settlement, the District Court stated: “. . . I am pleased to approve the settlement. I think it does the best that could be done under the circumstances on behalf of the class. . . . The litigation was complex in both liability and damages and required both professional skill and standing which class counsel demonstrated in abundance.”

## ANTITRUST LITIGATION

### *In re: Flonase Antitrust Litigation, No. 08-cv-3149 (E.D. Pa.):*

Kessler Topaz served as a lead counsel on behalf of a class of direct purchaser plaintiffs in an antitrust action brought pursuant to Section 4 of the Clayton Act, 15 U.S.C. § 15, alleging, among other things, that defendant GlaxoSmithKline (GSK) violated Section 2 of the Sherman Act, 15 U.S.C. § 2, by engaging in “sham” petitioning of a government agency. Specifically, the Direct Purchasers alleged that GSK unlawfully abused the citizen petition process contained in Section 505(j) of the Federal Food, Drug, and Cosmetic Act and thus delayed the introduction of less expensive generic versions of Flonase, a highly popular allergy drug, causing injury to the Direct Purchaser Class. Throughout the course of the four year litigation, Plaintiffs defeated two motions for summary judgment, succeeded in having a class certified and conducted extensive discovery. After lengthy negotiations and shortly before trial, the action settled for \$150 million.

### *In re: Wellbutrin SR Antitrust Litigation, No. 04-cv-5898 (E.D. Pa.):*

Kessler Topaz was a lead counsel in an action which alleged, among other things, that defendant GlaxoSmithKline (GSK) violated the antitrust, consumer fraud, and consumer protection laws of various states. Specifically, Plaintiffs and the class of Third-Party Payors alleged that GSK manipulated patent filings and commenced baseless infringement lawsuits in connection wrongfully delaying generic versions of Wellbutrin SR and Zyban from entering the market, and that Plaintiffs and the Class of Third-Party Payors suffered antitrust injury and calculable damages as a result. After more than eight years of litigation, the action settled for \$21.5 million.

### *In re: Metoprolol Succinate End-Payor Antitrust Litigation, No. 06-cv-71 (D. Del.):*

Kessler Topaz was co-lead counsel in a lawsuit which alleged that defendant AstraZeneca prevented generic versions of Toprol-XL from entering the market by, among other things, improperly manipulating patent filings and filing baseless patent infringement lawsuits. As a result, AstraZeneca unlawfully monopolized the domestic market for Toprol-XL and its generic bio-equivalents. After seven years of litigation, extensive discovery and motion practice, the case settled for \$11 million.

### *In re Remeron Antitrust Litigation, No. 02-CV-2007 (D.N.J. 2004):*

Kessler Topaz was co-lead counsel in an action which challenged Organon, Inc.’s filing of certain patents and patent infringement lawsuits as an abuse of the Hatch-Waxman Act, and an effort to unlawfully extend their monopoly in the market for Remeron. Specifically, the lawsuit alleged that defendants violated state and federal antitrust laws in their efforts to keep competing products from entering the market, and sought damages sustained by consumers and third-party payors. After lengthy litigation, including numerous motions and over 50 depositions, the matters settled for \$36 million.
